FRANK **LIU**

3211 OAK ALY, AUSTIN, TEXAS 78745 | C: 5125453257 | python.frankliu@gmail.com

Summary

Self-taught Python programer, believe in The "Zen of Python".
Dedicated to write efficient Python code, willing to learn new skills for the job.

Skills

- Proficient in Python's itertools, collections modules
- OOP object-oriented programming (__localReference,@property.setter)
- Clear understanding of python's scope resolution (late binding closures)
- Custom context manager and decorator building
- Agile, lean startup methodologies
- Bash and related tools (sed, awk, grep, etc.)
- git
- Postgresql ,PSequel,sqlite3 database operations
- Basic knowledge of django,flask
- Currently using unittest, pytest for testing.

Experience

- Willing to start from internship, I currently don't have any professional experience for programming .
- Volunteer :2018 ATX Hack for Change with austindotgov team, designed a new austin.gov site for residents to suggest content changes directly.

Education

Marine Navigation

Dalian Maritime University ,CHINA. (2009-2013)
